

## **Boil Water Rescind Notice**

**August 18, 2019**

On August 17, 2019, the Texas Commission on Environmental Quality (TCEQ) required our public water system East Texas Municipal Utility District (East Texas MUD), PWS ID 2120005 to issue a Boil Water Notice (BWN) to inform our customers that due to the presence of contaminants or an interruption in service, water from our system must be boiled prior to consumption.

Our system has taken the necessary corrective actions to restore adequate pressure, disinfectant levels, and/or bacteriological quality and has provided TCEQ with testing results that indicate that the water no longer requires boiling as of August 18, 2019 except for the Story Place Subdivision.

If you have questions, contact Lane Thompson at 903-253-4162.

If a customer wishes to reach TCEQ, they may call 512-239-4691.
